**I'm Dr. Juan Carlos Neira Rueda,**  
Dentist Specialist in Oral Rehabilitation.  
Let me introduce you my work and  
services through this brochure.

# Mission

The mission of Juan Carlos Neira Rueda - *Oral Rehabilitator*, is to become a leader in the provision of specialized dental care services not covered by benefit plans, in Specialized Dental treatments in restorative treatments and Dental Aesthetics, in terms of efficiency, effectiveness, quality and warmth; resulting in the comfort and tranquility of the patient in carrying out their treatments. Our services are aimed at the entire population located in Colombia and other allied countries within the framework of medical tourism in Colombia.

Our management believes in human resources, in our collaborators who are motivated by different factors; giving us an organizational structure that stimulates group and individual creativity, communication and good performance; which produce a high level of personal sophistication and it translates into high productivity and therefore continuous growth.

# Vission

In the year 2025 we want to be the providers of dental services specialized in Oral Rehabilitation and Dental Aesthetics preferred by the residential and business population of Ciudad Salitre, inhabitants of Colombia and other visiting countries, thanks to the humanized and personalized attention to our patients.

# CORPORATE GOALS

Our main objective is the provision of an optimal, timely and efficient service.

We offer a service with quality and human sensitivity, which guarantees positive acceptance by the user.

Contribute to the implementation and development of the Comprehensive Social Security Health System.

Guarantee the provision of oral health care services with all specialties to all our patients.

Recover the security and lost dignity of our patients, through restorative and cosmetic dental treatments.

Promote self-care in health.

Contribute to reducing the costs of Assistance services in Specialized Dental treatments.

Promote family health and prevention at all levels.

Contribute to building a better quality of life for our patients.

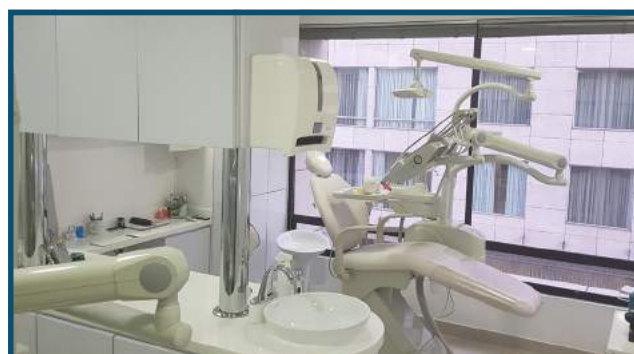

# PRINCIPLES & VALUES

THE PROVISION OF OUR SERVICES IS BASED ON THE FOLLOWING PRINCIPLES AND VALUES:

- Transparency with legislation, collaborators, clients and society.
- Teamwork.
- Honesty.
- Commitment to associates and clients.
- Responsibility.
- Respect within the organization and towards the community.
- Adaptation to change.
- Punctuality.

# OUR WORK SPACE

Thinking about user satisfaction, we offer headquarters, strategically located, just seven (7) minutes from El Dorado International Airport, which has the necessary comfort to attend to patients according to the mood and physical state in which they are. The facilities comply with the requirements of Decree 2309, and fully respect the guidelines outlined by the Quality Assurance System.

# DENTAL TOURISM

Colgate. (2020). What Is Dental Tourism? <https://www.colgate.com/en-us/oral-health/threats-to-dental-health/what-is-dental-tourism>

Medical tourism in Colombia is an activity that has been taking on great importance because many people come from abroad to undergo different treatments, attracted by the beauties of the country and the quality of the existing health services. Colombia is classified as a world-class tourist destination and is recognized as the main place in Latin America for health tourism.

Every year more patients from other nations leave their specialized cosmetic dentistry procedures in the hands of Dr. Juan Carlos Neira and come to do medical tourism in Colombia. The United States, Spain, Canada, the United Kingdom and the countries neighboring ours are the places from where we are

visited the most for medical tourism in Colombia.

If you are thinking of doing medical tourism in Colombia and performing specialized dentistry treatments with us, before scheduling your medical tourism trip in Colombia, you must send your complete case, attach photographs to the email: **asistente@juancarlosneira.com** and explain your situation carefully ; In this way, Dr. Neira will be able to assist you and send you the answer with the details of your treatment plan and an economic budget, details of accommodation for medical tourism in Colombia, confirmed dates, previous recommendations, the appointment for exams and any other information related to the procedure to be performed.

## REASONS TO DO MEDICAL TOURISM

### Reason One: Low-cost dental care

“Dental care in the United States can be expensive, even with insurance. Dental tourists spend less in another country, even with travel, lodging, meals, and incidentals added to the dental bill. The Washington Post article noted an 18 percent savings that included a dental procedure plus travel expenses.”

### Reason Two: Pleasure and experiences with low-cost dental care

When you do dental tourism travel you get to visit different places while you save money in your dental care.

## Other important aspects about Medical Tourism in Colombia

These are points that you should know and in which we will be supporting you during your medical tourism trip in Colombia:

### Transfers during your medical tourism trip in Colombia

Reception and airport transfers - accommodation site - airport. We are located within the Ciudad Salitre hotel complex in Bogotá (Sheraton Hotel, Marriot Hotel, Capital Travelodge Hotel, Holliday Inn Hotel among others). Personnel specialized in the transfer of people will offer you their support from the moment you are in Bogota to do medical tourism in Colombia; They will take care of picking you up at the El Dorado International Airport upon arrival and taking you to your place of accommodation. Also, the day of return to your country of origin, you will be transported to the airport to guarantee a happy return home after your medical tourism trip.

Transfers clinic - doctor's office - accommodation site. Whenever you must mobilize for consultations, procedures or control during your medical tourism trip in Colombia, you will also have a guaranteed transfer service from and to your place of accommodation to avoid worries or setbacks during your medical tourism visit in Colombia. In addition, we have accommodation sites near our medical center to facilitate your assistance.

### Accommodation for medical tourism in Colombia

Support in reservations of medical tourism accommodation sites in Colombia. Our team of advisors will be in charge of providing you with all the necessary support for choosing the place of accommodation that best suits your needs and the comforts required for your recovery process during your medical tourism trip in Colombia, in order to guarantee all the time that your treatment and the results expected by you, are never affected and go hand in hand with the pleasant experience of visiting Colombia.

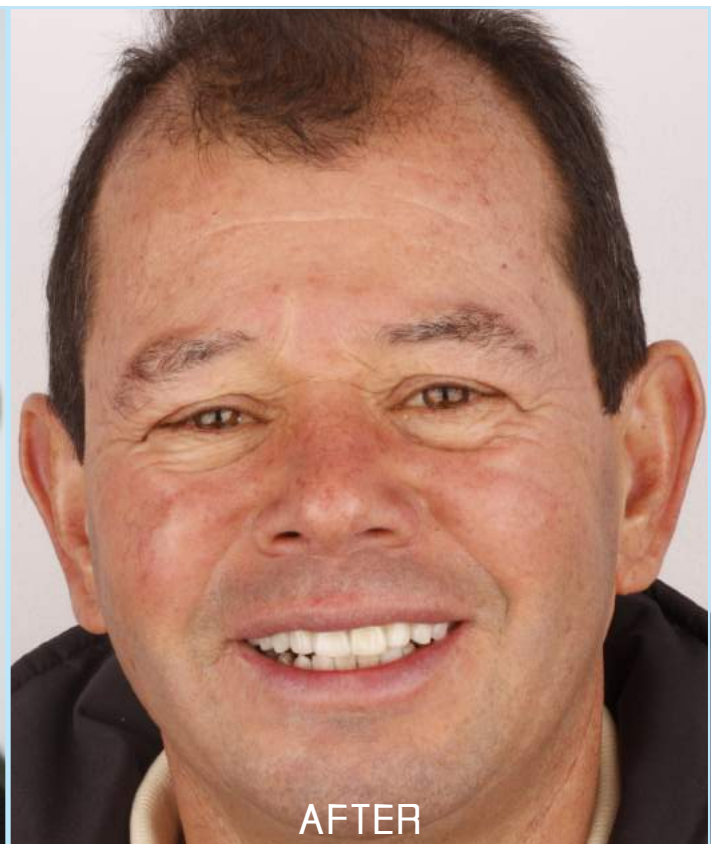

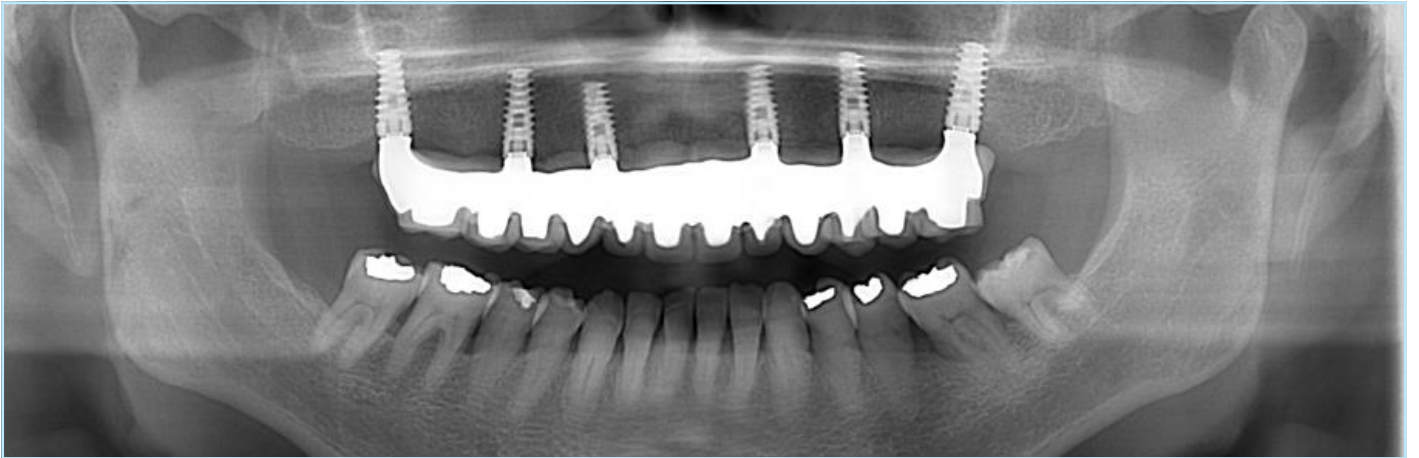

## TREATMENTS AND TESTIMONIES

Our treatments are aimed at all those populations who have lost that security in one way or another because they have lost function and aesthetics as a result of edentulism.

On one hand, we rehabilitate and give dental function to these patients, and on the other hand we offer highly qualified treatments in dental aesthetics for patients who wish to regain their image and improve their physical appearance thanks to a new smile.

# Restorative Treatments

Preparation of hybrid prosthesis supported on dental implants for totally edentulous patients.

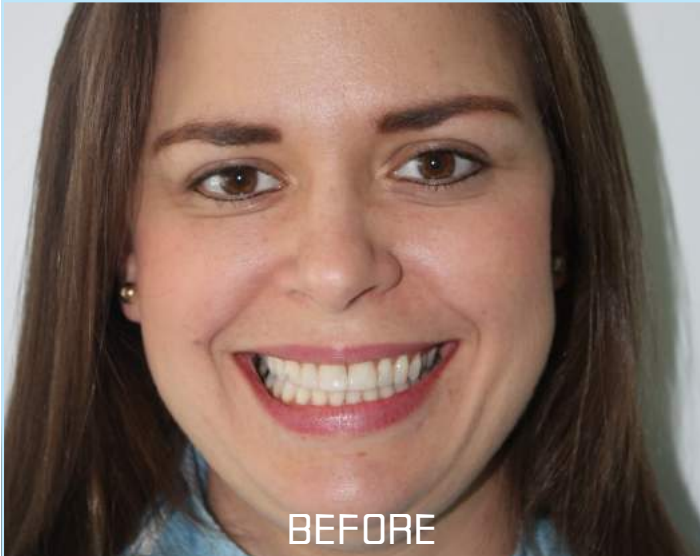

# Aesthetic and Restorative Dentistry Treatments

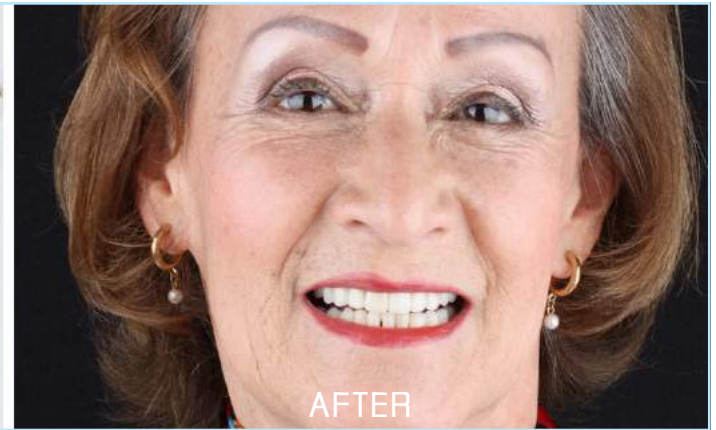

Manufacture of fixed prostheses in highly aesthetic materials for partial edentulous patients.

# Aesthetic Dentistry Treatments

Preparation of smile designs with veneers in highly aesthetic materials for those patients who want to improve their physical and dental appearance.

"I have restored my self esteem and renewed my image, thanks to the professionalism, dedication and follow-up of Dr. Juan Carlos Neira, being taken care of in a very special way as a patient. Together, with their group of professionals they gave me excellent advice to choose the treatment that best suited my desires and functionality; renewing my smile. It also has state-of-the-art technology to make your treatments the best experience for your patients. With this procedure, I completely recommend all oral treatments in Dr. Neira's office and the body of professionals who support him. **I'm eternally grateful with my results, really value your advice, you're a lifesaver Doctor.**"
